

LE CHARRON

full details on our website www.lecharron.com

Bienvenue au Charron! This beautiful old wheelwright's house is the setting for our quality gîte in St Nazaire de Valentane, Tarn et Garonne.

The Tarn et Garonne is an unspoilt area of France, generally quieter than other holiday destinations. Our non-smoking gîte sleeps 4, with extra accommodation for another 2 people in the main house.

Our main gîte, which is very well appointed, sleeps 4 in two bedrooms (1 double and 1 twin – both with air conditioning), and has two washrooms, a kitchen/diner and open plan sitting area.

The ample terrace is next to the beautiful **private** swimming pool (10mx5m, with Roman steps), where there is room to sit and admire the fantastic view, or just soak up the sunshine.

The kitchen is fully fitted in oak units and has oven, hob, microwave, kettle, fridge/freezer and dishwasher. The utility room houses the washing machine and downstairs shower room.

The sitting room has a television with UK satellite (Freeview), DVD player, as well as comfortable settees and chairs and a Godin stove should the evenings get chilly out of season. (The gîte also has full central heating).

There is secondary accommodation in the main house for a further 2 people in a double bedroom with private bathroom.

The private land is extensive, and you can walk in the woods or perhaps catch a sight of small deer, which are often here in the grounds.
